## Profile Summary

**Java Full-Stack Developer** with hands-on experience in building web applications using **Java, Spring Boot, HTML, CSS, JavaScript, Oracle SQL and MySQL**. Skilled in developing responsive user interfaces and integrating efficient back-end systems.

## Technical Skills

- Java
- Spring
- Spring Boot
- HTML
- CSS
- JavaScript
- Oracle
- MySQL

## Projects

**Bank Application** | *HTML, CSS, JavaScript, Spring Boot, MySQL* | GitHub Repository                **May 2025**

- Implemented features like **Account Creation, Deposit, Withdrawal, and Transaction**.
- Built **REST APIs** with **Spring Boot** and connected to **MySQL** for data management.
- Designed **responsive UI** and added **form validations** for better user experience.
- Ensured secure and efficient **transaction processing** and **data handling**.

**Blood Bank Management System** | *HTML, CSS, JavaScript, Spring Boot, MySQL* | GitHub Repository                **Apr 2025**

**Description:**
A full-stack web application developed to manage blood donor information and help users search for suitable blood donors based on blood group and location.

**Key Features:**

- *Donor Registration:* New donors can register their details like name, blood group, contact number, address, etc.
- *Find Donor:* Users can search for available blood donors by selecting blood group and location.
- *Login & Authentication:* Restricted pages like Find Donor, Join Now, Request Blood accessible only after login.
- *Client-side Form Validation:* Implemented using external JavaScript file for donor registration form.
- *Database Integration:* Stored donor and user details in MySQL using Spring Data JPA.

## Education

**Acharya Nagarjuna University**                **June 2023**
*Bachelor of Science*                *Yerragondapalem*

**Sri Gowthami Junior College**                **Mar 2020**
*M.P.C, Intermediate*                *Yerragondapalem*

## Certifications

- **Developer Job Simulation Certification** – *Forge* | View Credentials
  Successfully completed a hands-on job simulation program focused on real-world development tasks.
- **Full Stack Java** – *Naresh I Technologies, Hyderabad* | View Credentials
  Certified Java Full Stack Developer with skills in developing web applications using Java, Spring Boot, HTML, CSS, JavaScript, and Oracle SQL.
